

Dear Clients, Colleagues, and Friends:

As we all adapt to the current realities stemming from the COVID-19 pandemic, we wish to reach out to our clients to express that their health and well-being is central in our thoughts.

We are dedicated to continuing to provide our best legal services to you. Currently, our office is fully open. Our goal is to minimize disruption to our legal services. We continue to monitor changes and implement preventative measures as we believe necessary in order to do so.

Specifically, in order to service your needs:

- we have conference call and video call capability to carry on with client meetings and events;
- our lawyers and personnel are equipped and willing to work from outside the office using secure and effective technology and processes; and
- we continue to monitor policies in respect of travel and possible exposure to the virus.

We value our relationship with you. As these extraordinary events continue to evolve, we hope that you and your families remain safe and healthy. We are committed to your well-being. If there are ways in which we can assist, please ask.
